Preface

The primary goal of the current educational system is to mould a productive citizen and a caring family member who is equipped with knowledge and skills. The main responsibility of the school is to identify and recognize children's talents, as well as to sharpen their skills to meet the needs of the nation and the world.

Our Alma Mater is constantly guiding and assisting children who are creative. This project has been an ongoing process at our school for many years, particularly in terms of writing books. Many skilled and enthusiastic young writers participated in this exercise for years, producing novice writers to field of literature. We regard this as a great victory and a national need at this hour.

To continue this effort, we have adopted digital technologies and an e-book project this year. I am confident that this unique event provided youngsters with valuable experience and challenges that will benefit them in the future.

The Ministry of Education has hailed the project as an important step toward motivating young authors in schools. As principal of Mahamaya Girls' College, I am grateful to all of the students throughout the country who contributed to this endeavor. I commend and applaud all of the young authors of these-books for their perseverance and devotion in this difficult task.

I would like to thank our school management committee, employees, parents, for my students, administrators, and teachers from other schools who encouraged students to take part in this worthwhile effort.

Once upon a time there was a little girl named Liza. She is a very beautiful and lovely girl. She lived in a village near the forest. She lived with her mother, father and younger sister.

One day Liza went to forest with her mother to collect wood and foods. When, her mother was collecting wood Liza sang songs and walked toward.

She saw a purple colour rare flower.
It looks like a tulip flower.

She surprised. She liked that flower
very much. She walked near the flower
to pick it. Then she saw
another two flowers. Liza
thought to pick all these
flowers. She walked near
thoes two flowers to pick.

Then she saw a land fill of
purple colour flowers.

She couldn't believe this.

She forgot where she was.

Liza walked towards the
beautiful flower land.

She was fascinated about
the beauty of it.

Suddenly she tripped and fell to the ground and she felt like slipping away. She shouted.” oh my god.“But anyone didn't hear her voice. After slipped far away and she fell down.

It is a beautiful place. Liza looked around carefully. She saw a beautiful big palace in the distance.

She remembered a fairytale world.

She couldn't believe where she was.

She was scarded. Liza began to cry.

A little cute girl came to Liza. She beautiful like a little fairy.

“Who are you?”

“I’m Liyana. I am a little fairy. You are in our magic world.”

“What .Is this a magic wold?” Liza surprised.

“Yes, my mother is the queen of the fairies. Who are you? How do you come here?”

Liza told everything that happened to her.

“I want to go back to my mother.” Liza cried.

“I promise to help you to go back home but you want to play with me every day in the evening.” Liana told.

Liza agreed to Liana.

That day they had a great time. They played; laughed; danced and ate tasty foods. In the evening Liana took promise from Liza and created a way to for Liza to go home.

Liza told everything to her mother and father what happened to her. Liza's parents were scared about her.

“Liza don't go again there.” Her mother told.

“But mom I promised to go there every day in the evening.”Liza told.

Liza got permission from her parents to go to magic world.

Liza always went to the magic world as promised. Some time passed like this.

One day Liana got a selfish idea.

“How to keep Liza every day with me?”

a Liana's work.**

**Liza told it to
fairy queen.**

**Fairy queen
helped Liza to go
her home.**

Before to go home Liza told,

“You tricked me. You are a bad friend.

I will not come back.” That moment

Liana lost her magic power.

Liana's selfish idea lost her a good friend.

Afterword

As modern technology permeates the social and economic arenas, students tend to distance themselves from the creative process, relying more and more on technological tools. To reduce this risk and help aspiring young writers produce their own books, I sought and presented a research proposal to the Ministry of Education in 2014. It was a fantastic opportunity for children to showcase their enthusiasm and knowledge. The students of Mahamaya Girls' College achieved a record for the most books written, paving the way for a new level of innovation.

The e-book project will enable the students to reach international readers, and I am confident that they have gained new experiences and challenges that will enable them to face the future with resolve.

I wish all of the young writers the best of luck in their future endeavors
