Preface

The primary goal of the current educational system is to mould a productive citizen and a caring family member who is equipped with knowledge and skills. The main responsibility of the school is to identify and recognize children's talents, as well as to sharpen their skills to meet the needs of the nation and the world.

Our Alma Mater is constantly guiding and assisting children who are creative. This project has been an ongoing process at our school for many years, particularly in terms of writing books. Many skilled and enthusiastic young writers participated in this exercise for years, producing novice writers to field of literature. We regard this as a great victory and a national need at this hour.

To continue this effort, we have adopted digital technologies and an e-book project this year. I am confident that this unique event provided youngsters with valuable experience and challenges that will benefit them in the future.

The Ministry of Education has hailed the project as an important step toward motivating young authors in schools. As principal of Mahamaya Girls' College, I am grateful to all of the students throughout the country who contributed to this endeavor. I commend and applaud all of the young authors of these-books for their perseverance and devotion in this difficult task.

I would like to thank our school management committee, employees, parents, for my students, administrators, and teachers from other schools who encouraged students to take part in this worthwhile effort.

Ms Shashikala Senadheera

Principal

Hello Friends Lets' Start The story....

Once upon a time there was a ghost in the hotel. One day a wonderful family just arrived to this hotel. But you what guys, they don't know there is a ghost or not. After that they came to that *Spooky hotel room* and They heard a very *Creepy* sound from the outside wall.....

The people got scared and quickly informed to the hotel manager. He just quickly came as a running cheetah and came to the room as soon as possible .

And the people said, “THERE IS A GHOET INIDE BEHIND THE WALL” The manager listened to that ghost voice Oh man , the ghost pulled the manager through the wall

The manager is shouting very loudly and the people was tried to run but the ghost pulled the people through the wall too

The chairman heard the voice and call to the police as soon as possible...

The police came to the hotel and broke the wall with a large hammer and as a luck, the manager and the family came out without any harm from the ghost...

The police just sprayed a Jesus water bottle but the ghost didn't go. Because it is not a ghost and he is a human and you know what he is the elder brother of the chairman...

And the chairman got sorry for his brother and they lived happily ever after....

THE END

Afterward

As modern technology permeates the social and economic arenas, students tend to distance themselves from the creative process relying more and more on technological tools. To reduce this risk and help aspiring a Young Writers produce their own books, I sought and presented a research proposal to the Ministry of Education in 2014. It was a fantastic opportunity for children to showcase their enthusiasm and knowledge.

The students of Mahamaya Girls' College achieved a record for the most books written, Paving the way for a new level of innovation.

The e-book project will be unable to the students to reach the international Readers, and I'm confident that they have gained the new experience and challenges that will enable them to face the future with resolve.

I wish you all the young right is the best of luck in their future endeavors

Senavirathna Mahalekam
