## **Preface**

*The primary goal of the current educational system is to mould a productive citizen and a caring family member who is equipped with knowledge and skills. The main responsibility of the school is to identify and recognize children's talents, as well as to sharpen their skills to meet the needs of the nation and the world.*

*Our Alma Mater is constantly guiding and assisting children who are creative. This project has been an ongoing process at our school for many years, particularly in terms of writing books. Many skilled and enthusiastic young writers participated in this exercise for years, producing novice writers to field of literature. We regard this as a great victory and a national need at this hour.*

*To continue this effort, we have adopted digital technologies and an e-book project this year. I am confident that this unique event provided youngsters with valuable experience and challenges that will benefit them in the future.*

*The Ministry of Education has hailed the project as an important step toward motivating young authors in schools. As principal of Mahamaya Girls' College, I am grateful to all of the students throughout the country who contributed to this endeavor. I commend and applaud all of the young authors of these books for their perseverance and devotion in this difficult task.*

*I would like to thank our school management committee, employees, parents, for my students, administrators, and teachers from other schools who encouraged students to take part in this worthwhile effort.*

*One day when FIARAS was flying he accidentally hit to a bird nest And the mother bird was so angry, because there was a baby birds in that nest. And he said "I'm sorry. I did not mean to do that." But the mother bird did not accept him.*

*He feels so sad and he thought "I was so cruel to others. That's why they don't like to talk with me, and don't like to accept me.*

*One day a tiger cached him. He was so scared and he cried for help. But anyone did not came for help.*

*FIARAS baby sisters' name was lily. She was so kind for other animals. When she was flying she heard her brother was crying for help. She was flying here and there to find her brother. She saw her brother cached by a tiger.*

*She flew for help. And she saw her friends. She asked "can you help me to save my brother". They said "we can't help your brother because he is cruel to us". Lily soo worried about her brother.*

*Finally they decided to help her. When they go to the tigers cave the tiger was asleep. Fiaras was so scared. Friends get in to the cave and helped Fiaras to escape. All came out from the cave safely and ran away.*

*Fiaras was so shy about his self. He said sorry for all of them.  
He was thankful to all his friends.*

*After that Fiaras became a good friend for all of them. He was not going to harm anybody again.*

***THE END***

### *Afterword*

*As modern technology permeates the social and economic arenas, students tend to distance themselves from the creative process, relying more and more on technological tools. To reduce this risk and help aspiring young writers produce their own books, I sought and presented a research proposal to the Ministry of Education in 2014. It was a fantastic opportunity for children to showcase their enthusiasm and knowledge. The students of Mahamaya Girls' College achieved a record for the most books written, paving the way for a new level of innovation.*

*The e-book project will enable the students to reach international readers, and I am confident that they have gained new experiences and challenges that will enable them to face the future with resolve.*

*I wish all of the young writers the best of luck in their future endeavours*
