Mother Maya is blessed with little buds.....  
Nurtured by loving teachers who are caring,  
Always these buds to bloom.....

My tiny adults who loves to read,  
This is for you....

## **Preface**

The primary goal of the current educational system is to mound a productive citizen and a caring family member who is equipped with knowledge and skills. The main responsibility of the school is to identify and recognize children's talents, as well as to sharpen their skills to meet the needs of the nation and the world.

Our Alma Mater is constantly guiding and assisting children who are creative. This project has been an ongoing process at our school for many years, particularly in terms of writing books. Many skilled and enthusiastic young writers participated in this exercise for years, producing novice writers to field of literature. We regard this as a great victory and a national need at this hour.

To continue this effort, we have adopted digital technologies and an e-book project this year. I am confident that this unique event provided youngsters with valuable experience and challenges that will benefit them in the future.

The Ministry of Education has hailed the project as an important step toward motivating young authors in schools. As principal of Mahamaya Girls' College, I am grateful to all of the students throughout the country who contributed to this endeavor. I commend and applaud all of the young authors of these-books for their perseverance and devotion in this difficult task.

I would like to thank our school management committee, employees, parents, for my students, administrators, and teachers from other schools who encouraged students to take part in this worthwhile effort.

Ms Shashikala Senadheera

Principal

Mahamaya Girls College -

Once upon a time there was a garden full of colorful roses. Most of them were red, yellow and white. There was a red rose which was different from all the other red roses, this rose was larger than the others. Its color was slightly purple which really was maroon. It was the only maroon rose in the garden. And wasn't a normal rose, it was the kingdom of the rose fairies.

And in the same garden, stood an old house with a balcony. In that balcony there was a black rose. In the black rose lived an evil witch who waited to take revenge on the red rose fairies. She was called the GWILLIAN! Well that's what the fairies called her.

Long ago the Gwillian and the fairies had an awful fight for a golden throne. The fairies won that war and took the precious

golden throne. But still the Gwillian wanted the throne because only the king of the fairies (king Alfred) and the Gwillian knew how precious it was. King Alfred had a little princess called Alex. She was very beautiful. The fairies were grouped as water fairies, snow fairies, garden fairies, animal fairies and many more. One day the Gwillian's soldiers came to attack the rose fairies.

*When princess Alex was playing outside and when the fairies were working.*

*A garden fairy saw the attack and shouted “Quick, hide! The guards of the Gwillian! Hide” princess Alex ran into the castle shivering in great fear. The guards attacked the whole*

kingdom. After few minutes when the guards were gone a soldier of king Alfred rushed into the throne room and told that the golden throne was disappeared. King Alfred could hardly believe it so he went to the secret room to check by his own. He put the secret code on the lock, the door opened. When he checked he found out a thing that he only knows.

King Alfred told all the fairies that they are going to the balcony of the house and to the black rose flower. Every fairy, even princess Alex went to the balcony of the house. They heard the Gwillian shouting joyfully from inside the black rose. They went in it too. The Gwillian saw a snow fairy and shouted to her guards telling to attack.

*But neither one of them came to attack and no one even heard her. The fairies had petrified the guards. The fairies came forward. King Alfred told the Gwillian that it is not the real throne. When he was said that, the throne turned black. The Gwillian shouted in anger. The fairies attacked the Gwillian. They told her that friendship is more powerful than*

*anything else because they all  
did it together!*

*The End*

*I am still searching my way,*

*Let me say thank you.*

*Pethmi Tanisha Thennakoon.*

### **Afterword**

As modern technology permeates the social and economic arenas, students tend to distance themselves from the creative process, relying more and more on technological tools. To reduce this risk and help aspiring young writers produce their own books, I sought and presented a research proposal to the Ministry of Education in 2014. It was a fantastic opportunity for children to showcase their enthusiasm and knowledge. The students of Mahamaya Girls' College achieved a record for the most books written, paving the way for a new level of innovation.

The e-book project will enable the students to reach international readers, and I am confident that they have gained new experiences and challenges that will enable them to face the future with resolve.

I wish all of the young writers the best of luck in their future endeavors
