Foreword

Literary development is a yardstick to measure the development of a country. The Kotte and Dambadeniya eras stand out in the history of the world because they were literary enlightening periods. If so, this is the golden period in the history of the *Mahamaya* as well. This is the reason why our daughters have been enchanting through book writing for many years now. It is a special event that our writers have succeeded in building a culture of writing books in the school and spreading it to the entire school system and this time involving the global student community in it.

Beyond this, this time the school community itself has also decided to rebuild the past *Yatiwara* writing tradition in the country in order to pay tribute to the founder of our school, Karadana Atthadassi Thero.

The *Pirivena* student monks have also taken up book writing "***The Herana Gatkarani***" project was introduced.

It is a matter of pride for me as the principal to lead the way in bringing about a qualitative change in the education of schools and *Pirivena* education through this academic and religious service, and it is also an achievement for the school.

This book, which is the result of recognizing one's innate talent at an early stage in life and turning to writing, will undoubtedly be a help for future education and future life.

It was filled with fire . If we touch it we will turn into ashers. That's why the people were kind to each other. But some were highly guarded because there were some people doing bad things.

One day the two princes were playing with their toys but Rosy, needed all the toys. Then Rose scolded Daisy and took the toys. Then cried loudly. Then the queen and king came running and asked, " Why are you crying Daisy?". Then the princes replied. "Rosy scolded me". Then the kind and queen said then Rosy must go to fire mage. But Daisy said please don't take my sister to fire mage. "She can't live alone by her self. Can we keep her?". But King and Queen disagreed to it. Then Rosy was sent to fire mage.

Then she arrived at fire mage. But when she steped inside, from the gate arrows came like from no were. But she went inside she saw her sister has not eaten in days she was going to die. Because of their love she was saved and they went back to their beautiful castle. Then the King & Queen hugged Rose. Then Rose said, " I'm very sorry." Then her parents forgave her. A HAPPY ISLAND TRIP

In the sea a ship was sailing. The ship's captain was Romes. His wife and 4 kids were also in the ship. They were having so much fun. But the sea waves were too rough to sail. Suddenly the ship was going to drown. Then the biggest child Danial made a boat with wooden barrels.

Then the youngest child Rosy came and said, "Here father I found some animals on the ship. We can't keep them in the ship. They can't swim. We will take them all". Then the captain Romes nodded. His wife Maralinda gathered lots of food items for living. And cloths. Then the 2nd child and the 3rd child Persie and Jackson came running, "The ship is going down. Hurry up. "We need to go quickly". They put the boat to the sea and there was a separated side for animals and their needs.

They came to near by huge island. Then they landed the boat and released the animals. Took the needs out of the boat. Then they were very hungry. Then Maralinda said, "We are hungry. now we need to cook some thing to eat". Then she said Romes, Danial and Persie go and get some wooden sticks to put some fire and make some thing to eat.

Then they went to find some wood sticks. Maralinda, Rose and Jackson prepared vegetables. Romes found some wooden sticks. Then they make delicious meals together. Then they made bowls out of coconut shells. They ate well. Romes said, "Next we need to build a tree house. Because we need to sleep". They collected wooden sticks to make a tree house. They have season homes for winter.

They found a huge rock. Then Romes made a water slide also to have fun for the kids. They became much better because they made 5 houses for seasons and to have fun . One day Maralinda said Romes, Danial and Persie, "You'll go and search for something in the island, and we will go search other things in the island". Then they said bye to each other.

Then they saw a little monkey and 3 big monkeys. were eating banana. When their foot sounds approached the big 3 monkeys ran away. Leaving the little monkey alone. The little monkey was very scared by the people. But Persie took the monkey to his shoulders. then they asked from their father . "Father, please can we keep him. Please dad please". Then Romes said "Ok". "Then we can keep him". Then they went more further and they found a corn yard filled with corn plants. "We can eat them for years". Then Rome picked

a one corn plant and took it to there tree house . When they come Maralinda and others also came. Maralida said we can eat them for 2 years. The potatoes are very tasty.

23 years passed.....

One day Persie and Danial were playing together. When they were playing together they saw a bird was fallen down and it was injured . Then Persie and Daniel put medicine to that bird. Then they saw the was holding a message. In the note was "Help me!". Then they ran to their father's place and said "Look father we got a note". "I think there is another person. He is the president of Australia. I was sailing and having fun . Suddenly I fell from the ship. Then I was drowned. In the next morning I was in this island. I think my father is searching for me". Isabella showed her tree house. It was very amazing. Romes asked, "Did you make by your self? You are a super girl". Then they brought Isabella home and Maralinda took Isabella inside the huge three house. Then they lived happily ever after.

Afterward

According to my concept, under the project that has been running since 2014 to direct school children to writing, we have been fortunate to have planted more than sixty thousand writer seedlings in the local literary field. The objectives of this project are to improve the quality of education, to promote literature that will contribute to the future development of the country, to hone the abilities of the future generation, and to build a platform to showcase the creations of children.

It is our social responsibility to create the fertile soil for those seeds to sprout and grow. This is the only project in recent history that has been implemented continuously for several years at the school level, provincial, national and international levels for the sake of the productivity of education. This time, it is special that the *Pirivena* student monks have also been involved in this. The nation should be grateful for the dedication shown by the Principal, daughters, teachers, parents and alumni of *Mahamaya Balika Vidyalaya*.

The printed book is still the main tool of our education. The enjoyment that a child gets from a book cannot be provided by anything else. It is experimentally proven that the use of various electronic devices to store human knowledge and the distancing of children from books has been detrimental to the quality of education and has created various problems in society. This project, which is being implemented as a solution to this, has been adapting the smart younger generation of the digital age to modern technology by writing electronic works for the past two years, together with school children in the country.

To take their creations to international readers, Mahamaya girls have built a digital fiction for their own, literary creative abilities.

My congratulations to the young writers who have entered it through their creative abilities.
