Foreword

Literary development is a yardstick to measure the development of a country. The Kotte and Dambadeniya eras stand out in the history of the world because they were literary enlightening periods. If so, this is the golden period in the history of the Mahamaya as well. This is the reason why our daughters have been enchanting through book writing for many years now. It is a special event that our writers have succeeded in building a culture of writing books in the school and spreading it to the entire school system and this time involving the global student community in it. Beyond this, this time the school community itself has also decided to rebuild the past Yatiwara writing tradition in the country in order to pay tribute to the founder of our school, Karadana Atthadassi Thero. The Pirivena student monks have also taken up book writing “The Herana Gatkarani” project was introduced. It is a matter of pride for me as the principal to lead the way in bringing about a qualitative change in the education of schools and Pirivena education through this academic and religious service, and it is also an achievement for the school. This book, which is the result of recognizing one's innate talent at an early stage in life and turning to writing, will undoubtedly be a help for future education and future life.

The wonderful rise of christmas

The most special day for the people of this world is about to began.Snow flakes are starting to fall down the beautiful sky and people are getting their houses ready to the wonderful rise of christmas by setting up christmas trees,hanging bulbs and going shopping to by new clothes for this special day.And so did the santas,the Claus King who were the president of the santas were ordering each santa towards their relevant jobs.This was a very big day for the people all around the santa world.Like that, the day everyone waited had arrived, people were giggling with joy.

All the nice santas were preparing gifts and surprises for the people around this world and it was their busiest time of the year. The people prepared cookies and milk for the santas who are gonna visit their houses at night. They were so grateful for this day and in this world they celebrate it in high harmony, unity and preparations. All of the things were going well untill....

The arrival of the Evil Santa

The Evil Santa who was always jealous of the Claus King had made a plan to ruin this special day for the people of this world and takeover the position of Claus King as king and rule this world. Such an awful thing has never happened to people in this world until today. The people were so frightened and soon the Santa Headquarters heard this awful news and so did King Claus. He made a powerful army from his best santas and elves but the Evil Santa had made this plan for so many years that no one could stop him from ruining this world.

All the santas and King Claus was spending every second planning a take back and forgetting about preparing gifts and getting ready for christmas night. And so the Evil Santa started to release his armys and destroying everything while planning to takeover King Claus's position. And so this went on.....

The takeover of the santa world

The Evil Santa was so mad that the only thing he wanted to do was to takeover King Claus including his position as king and the santa world. He had made a powerful army spending his blood, sweat and tears through the years and they were so powerful that no one could defeat them. The Evil Santa destroyed a lot of property and the Santa Headquarters including their properties. King Claus, the santas and the citizens were very depressed about this situation and they were running here and there screaming and suffering for help.

The Evil Santa was nothing but evil and torture. He destroyed most of the cities, houses and even cut down trees. The santas were also powerful but not powerful enough for the Evil Santa. There weren't enough santas and elves to fight the Evil Santa so King Claus sent a message to everyone in search of finding a person with a great idea to take the world back. Then something miraculous happened...

The takeback of santa world

A boy named Nicholas arrived at the Santa Headquarters and King Claus were impressed by hearing his genius ideas. King Claus hired him to lead the takeback and save the santa world. The first thing Nicholas did was strengthening the citizens of santa world because he can't do this without the peoples trust. Nicholas was a kind and gentle boy he wanted to talk to the Evil Santa and ask the true reasons for this attack and King Claus was not very happy about that idea, because it could be dangerous but Nicholas always worked for his word

so he went to talk to the Evil Santa. As soon as he went there he started talking with the Evil Santa and for the surprise the Evil Santa trusted him because of his kind look. The Evil Santa explained everything to Nicholas and all the Evil Santa had ever wanted was to have a lovely christmas. But sadly his parents died in a young age and he never had a chance to enjoy this special day and nobody or no santa gave him gifts because of his evil look but he's just a poor man with no experience of pleasant childhood and because of that reason the

Evil Santa had wanted to take revenge from the people and santas because of what they did to him and everyone spread rumors that he was just doing this because he was jealous of King Claus. Nicholas was so heartfelt sorry after hearing his story so after telling all of this to King Claus, the santas and all the citizens they were so pleased that King Claus invited him to their annual claus christmas dinner and to distribute gifts to all the citizens. The Evil Santa was so happy he repaired all the damages done to the santa world by him.

The happy ending of christmas

After inviting the Evil Santa for the claus's annual christmas dinner the Evil Santa was so happy. After he repaired all the damages done the people and the santas were ready to have a happy and peaceful christmas. The santa world was like a beautiful disco ball, it was so beautiful with all the decorations and lights and mostly the smiles on peoples faces. The people had a lovely christmas and so did the Evil Santa, Nicholas, King Claus and the other santas. They were so grateful for everything and this was the best night of their lives.

The santas started distriputing gifts after having a great time in the King Clause's annual christmas dinner. After all that happened everyone was happy and the people around the world was jumping with happiness and exitement after getting gifts with all their desired things inside. So, the christmas night ended with happiness and joy. Everyone lived happily ever after. **The end!**

Afterward

According to my concept, under the project that has been running since 2014 to direct school children to writing, we have been fortunate to have planted more than sixty thousand writer seedlings in the local literary field. The objectives of this project are to improve the quality of education, to promote literature that will contribute to the future development of the country, to hone the abilities of the future generation, and to build a platform to showcase the creations of children. It is our social responsibility to create the fertile soil for those seeds to sprout and grow. This is the only project in recent history that has been implemented continuously for several years at the school level, provincial, national and international levels for the sake of the productivity of education. This time, it is special that the Pirivena student monks have also been involved in this. The nation should be grateful for the dedication shown by the Principal, daughters, teachers, parents and alumni of Mahamaya Balika Vidyalaya. The printed book is still the main tool of our education. The enjoyment that a child gets from a book cannot be provided by anything else. It is experimentally proven that the use of various electronic devices to store human knowledge and the distancing of children from books has been detrimental to the quality of education and has created various problems in society. This project, which is being implemented as a solution to this, has been adapting the smart younger generation of the digital age to modern technology by writing electronic works for the past two years, together with school children in the country. To take their creations to international readers, Mahamaya girls have built a digital fiction for their own, literary creative abilities. My congratulations to the young writers who have entered it through their creative abilities.
