For my mother and father

Literary development is a yardstick to measure the development of a country. The Kotte and

Dambadeniya eras stand out in the history of the world because they were literary enlightening periods.

If so, this is the golden period in the history of the Mahamaya as well. This is the reason why our daughters have been enchanting through book writing for many years now. It is a special event that our writers have succeeded in building a culture of writing books in the school and spreading it to the entire school system and this time involving the global student community in it.

Beyond this, this time the school community itself has also decided to rebuild the past Yatiwara writing tradition in the country in order to pay tribute to the founder of our school, Karadana Atthadassi Thero.

The Pirivena student monks have also taken up book writing “The Herana Gatkarani “ project was introduced.

It is a matter of pride for me as the principal to lead the way in bringing about a qualitative change in the education of schools and Pirivena education through this academic and religious service, and it is also an achievement for the school.

This book, which is the result of recognizing one's innate talent at an early stage in life and turning to writing, will undoubtedly be a help for future education and future life.

Judged

I like to talk my heart out
But end up getting judged
I try a new self
But gets badmouthed
I want to be independent
But my life is narrated
My life is a script
No one understands it.

People think I'm happy
When my smile is just a prop
For the ones around me
Oh Why! Oh Why!
Can't anyone read me?

-Dulithi Jayasinghe-

Miles away

My grandma became a star
Lives miles and miles away
She said she'd stand near the alter
On my special day
I wonder

 How she will do it
When she lives miles and miles away

She said she'll be cooking Masala Chai
To make my fever go away
I wonder how she'll do it
When she left me first one day
I wonder why she left
Keeping her heart with me
I'll cherish her forever
Till that one day

-Dulithi Jayasinghe-

Sister imagined

What if I had a sister
I wonder how she'd be
What if she was more chaotic
Than I had ever been
I wonder if she'll be another me
With a different birthday
What if she shows me what I really am
What if she knows me better than I do
I wonder about life
with a sister
Oh! How much I do

-Dulithi Jayasinghe -

Untruth

Told the untruth
And cracked my trust
Foundation of the start
Apologized dozen times
I forgave

 had no grudge

The cracks unhealed
Suspicion an option
Live to save
Not to cave
Wounds can be healed
The physical
 not soul

Lie is a burden
To creator and taker
Don't tell untruth
For
 Don't tell untruth

- Dulithi Jayasinghe

Money

Money isn't worth anger

Money doesn't value love

Doesn't define a person

Inside or out

Gives value to hard work

But not for life

Money's to live

Not to breath

Sector of life

Not a reason for death

Money's just a factor

Not a person at the alter

But world thinks

Its God

And not a human's creation

-Dulithi Jayasinghe-

Cycle of life

Winner becomes sinner

Loser a saver

Rich become greedier

Poor more happier

Defined on Earth

Has no worth for nature

Nature has its own

Meanings and bridges

We pass on Earth

Fail in hearts

It's a common cycle

A few will sensor

- Dulithi Jayasinghe -

Race for acceptance

Intelligent in memory
Accepted by all
Genius in physical
Misunderstood, rejected by all
Talents should vary
Or uniqueness aside
A rat race defined
It's the same mission
For many but not

Visions

People are one
In respect
By Value
Not in power
If all stars were suns
It will cause disaster

- Dulithi Jayasinghe -

Helios

The mother and father

Of nature

Origin of our breath

Protector of Cosmic rays

The star of life awaits

The world will be dark

Hell welcomed

No sun, No life

But cold embrace

It will be the end,

Thy will says

- Dulithi Jayasinghe -

Life Exam

Life is an exam
No one studied for
Once studied
Considered an ease

Let me tell you
Accept the truth
Face the reality

Success through pain
Laughter through sorrow
Trusted get betrayed
Lovers are broken

A cheat sheet
For the Life Exam

- Dulithi Jayasinghe -

Spellings

Speak with consciousness
For words are powerful
Words have meanings
For which nature responds
Letters are like gun parts
Form it wrong

Oh No! You pull the trigger

Spells are words
Cause peace
cause chaos

You can fight for good

And for bad

Change "S" from back
For S=word s is formed

- Dulithi Jayasinghe -

Life Timeline

Birth the start

The first breath rejoiced

Death the End

The last breath revised

Living the present

Spent with no value

Birthdays celebrated

One step closer to heaven

Younger dream older

Older to be younger

It's a hectic game

The real gamer, an unknown

So my dear friend,

Feel the present

Cause, you can't catch a train

That's already gone

-Dulithi Jayasinghe-

Emotions

A person who talks

Isn't always mannerless

A person who doesn't speak

Isn't always proud

One with a smile

Isn't an attention-seeker

One without a smile

Isn't always rude

Doesn't care about matters around them

Don't make them insensitive

Care about one's surrounding

don't make one nosy

Not what we see isn't always the reality

Or what we hear the most the truth

Sun rises from the East and sets from the west

Say us all

But

It's us revolving around our way

-Dulithi Jayasinghe-

Before the stars aligned

Before all the stars aligned
You left me now forever
I will keep my hope held high
Even if you never come, No never

I wanted you to see my love
Not my wealth and power
But you saw what I bought for you
And not what I dear shared

Now even if the stars aligned
I find it hard to be a lover
I don't want to break apart
Or give a chance to suffer

I hope you find a palace
That keeps you happy forever
We are not meant to be
As I'm a simple lover

-Dulithi Jayasinghe-

Piano Keys from the Sky

Ding Dong

Rain is here

Pit Pat

Scatter on lanes

Drizzle Drizzle

Dreams appear

Blue shimmer on sky-gray

Splish Splash

Children run all ways

Fly high the eagle's sky says

Piano keys Oh!

Falls through light bolts astray

-Dulithi Jayasinghe-

Chaos

We met one rainy day
A coincidence I would say
Time made us friends- high five!
Years made best friends for life
Now she's the sister I never had
But I hoped I always had

“Oh no, we aren't doing that”
“Oh my, I like that dress”
Our thoughts were the same
One a little smarter in some ways
But we both still define one
Chaos is what people say.

-Dulithi Jayasinghe-

Hope

Born to a family
With a heart of gold
No riches at all.

Became their only hope
And I thought it was hard to cope.

Didn't have everything I wanted
But had what I needed.

Sacrificed their plates
To fill mine as always

I don't know how to repay.
Think, success is the only way.

- Dulithi Jayasinghe-

Why don't they APPRECIATE

Have a talent
Bit different from others.
Why don't,
They appreciate me?

I do my best
In what I can do
Why don't
they appreciate me?

I stopped questioning.
“Why don't they appreciate me?”
Once I learned
If they don't care
I quit questioning my talent
Thinking about it,
Rots my brain

Moving to a better place
“You wrote that? Oh my” they said
It's not you, Its the place
So moving on heals both ways.

-Dulithi Jayasinghe-

Friendship

A bond with trust
We never judge
We pull all pranks
And cause distract
Cause that's what we call

Friendship

Gets in trouble
But never snitch
When one stumbles
We still stick
Cause that's what we call

Friendship

-Dulithi Jayasinghe-

According to my concept, under the project that has been running since 2014 to direct school children to writing, we have been fortunate to have planted more than sixty thousand writer seedlings in the local literary field. The objectives of this project are to improve the quality of education, to promote literature that will contribute to the future development of the country, to hone the abilities of the future generation, and to build a platform to showcase the creations of children.

It is our social responsibility to create the fertile soil for those seeds to sprout and grow. This is the only project in recent history that has been implemented continuously for several years at the school level, provincial, national and international levels for the sake of the productivity of education.

This time, it is special that the Pirivena student monks have also been involved in this. The nation should be grateful for the dedication shown by the Principal, daughters, teachers, parents and alumni of Mahamaya Balika Vidyalaya.

The printed book is still the main tool of our education. The enjoyment that a child gets from a book cannot be provided by anything else.

It is experimentally proven that the use of various electronic devices to store human knowledge and the distancing of children from books has been detrimental to the quality of education and has created various problems in society. This project, which is being implemented as a solution to this, has been adapting the smart younger generation of the digital age to modern technology by writing electronic works for the past two years, together with school children in the country.

To take their creations to international readers, Mahamaya girls have built a digital fiction for their own, literary creative abilities.

My congratulations to the young writers who have entered it through their creative abilities.
