Dedication

I dedicate this book to adventure, sci- fi and action lovers of all ages who live all over the world.

Foreword

In an increasingly complex global future, the "Hemamala Upahara" book project, led by Mahamaya Girls' College, stands as a turning point in girls' education.

Over a decade, it has successfully nurtured thousands of children to become young authors.

This year, by collaborating with other schools, we aimed to provide students with a wealth of new experiences. The goal was to develop multi-faceted skills, including communication, values, and creative growth. As a result, children have written books that pay tribute to Princess Hemamala, who brought the Sacred Tooth Relic—the supreme symbol of the Buddhist world—to the Hill Country (Kandy).

I extend my gratitude to everyone involved, including the students who contributed their creativity and the teachers who guided them.

Chapter 01

The two cousins

I *am going to start this story as the same way every other story begins.*

Once upon a time

There were two cousins starting their first day at the new school because they moved to Emerald Bay.

I almost forgot to introduce them.

The cousins were twelve years old. But the boy was older than the girl.

Most people called them Luke and Hava, but there's a problem. Luke had long hair which supposed to be shorter than Hava- but it wasn't and Hava had brunette hair very

short than her cousin's hair. From a distance Luke looks like a girl and Hava looks like a boy.

But who knows what they are about to face next? It's the night before a new day at a new school. They had a serious talk before school.

"Hey, bro, aren't you scared to go to a new school?" Hava asked who already packed her backpack and came to see her cousin. "I know that they don't like nerds. They like cool guys. Remember our own school? " Luke said.

"I don't want to be called as a nerd again. They think studying is boring that's why we got scholarships. "

"The same sis, we need a plan."

As ALWAYS Hava had a plan. Which makes her smarter than her brother.

"How about we be cool guys around the students and be smarties among teachers."

"YEAH.....HIGH FIVE"

"I'm sure. This has to work. I love learning.

“If this plan didn’t work. Our school will only have jerks.”

“You are born to learn Hava. Your mom and dad

” Luke saw a little tear falling of Hava’s cheek. “Oh sorry I didn’t mean to hurt your feelings.” Luke comforted Hava.

“No problem.” but she was a little sad in the inside.

*Didn’t you had a question when reading the last part?
WHAT HAD HAPPENED TO HAVA’S PARENTS?*

Chapter 02

Hava's parents

The doorbell rang. Karen went to the door and opened it. There was a two year old girl with straight and short brunette hair wrapped in a red blanket. She picked the baby and saw a little note tied around the baby's hand.

“Would you look after Hava for the summer? Also I have to say one thing I think she likes red colour because she liked the red blanket instead of the pink one. I love you sis”

- ANNE -

Karen realized that she was holding her sister's only child. She checked everywhere but didn't find her sister. “Anne never leaves without seeing me neither do Kevin. Where is she? But, I'll keep my word and look after my only niece. I would do anything for you.”

Karen thought Hava is going to be a great cousin for Luke one day.

Karen called Anne but her number was blocked; she texted Anne but no one replied;

The summer passed away but, Anne didn't come to get Hava. Months and years passed. Hava grew up with her aunt and cousin.

Karen knew that something has happened to her sister. There's no way to text her or call her.

She didn't report to her job too. So did Hava's father. She only had a picture of her mom and dad in their wedding ceremony. That's why Hava is sad

Chapter 03

First new school day

“So new school..... Pearl Bay middle school.”

Hava said when entering main school hallway. “I never thought schools are so clean. Remember our school?” it almost gave Goosebumps to Hava. When they entered to the classroom, every one smiled at them. The cousins acted like tough guys and they sat at the back row.

The teacher came in and saw the new students.

She told them to come forward. They acted like sweet teacher’s pets. The students were unsure, they thought that they are very bad. Hava and Luke thought they think they are cool.

Few days passed by, nobody talked with the cousins. They felt left out; one day, Hava spilt soup on a sixth grader just to get attention.

The seventh graders thought, “ENOUGH IS ENOUGH; we have to see what’s going on with them. So the case passed down to the class detectives; Alex and Max, A.K.A The Double X.

Note.....

Alex is a girl. Before the cousins Max and Alex were the teacher’s pets. I think they were a little jelly.

“Now we have figure out a way to find why they are so bad” said Max. “Already did...” said Alex. “First, we’re going to steal Hava’s diary.”

“But, why?”

“I saw Hava writing something in a book called (*Air Quotes*) diary and I thought you are writing your secrets in your Science exercise book.”

“Do you have a way to get it?”

“I do. She has a mini size note book in her bag and I already have it.” (*That’s why she is better than Max.*)

“Is that it? Case closed...WHOO....”

“No silly.... There is a key inside. We have to open her locker while she is at the gym. Then, there’s a book and inside that book there’s another book. That’s the diary.”

“How do you know all of this?”

“GIRL CODE...”

“Next period is P.E. we better go.”

“Commence operation Hava’s Diary Inspection...”

“So...Since I created the plan you steal the diary.”

Alex said. “Okay, I’ll be back.” Max said. After three minutes Max came back with the diary.

“How did you steal it so fast?”

“BOY CODE....”

“I think it wouldn’t hurt her if we took a sneak peak, right?”

But I wouldn't call it a sneak peak.....

Parts from Hava's diary...

'2020.05.25,

Me and my couz was the first in the class again...right? Because other don't study. That's why even we had to move schools. If they thinks we love studying they will call us nerds.'

'2020.05.29,

Dear diary,

Tomorrow is the day, we're gonna be bad guys, cuz that's the only way to drag attention. If they thought we are nerds then they'll bully us.'

"I know...what happened here they have the fear of being the new kid in the class. They thought our school is like their old school." Said Alex after the sneak peak.

"Then why didn't they told us?" Max wondered.

"Because, they were acting like bad guys and bad guys never ask for help."

“Then there’s only one thing to do. Let’s talk to them face to face.”

“They won’t be that bad.”

ADDED TO THE BOOK AFTER A SUGGETION.....

Then Alex and Max decided to do a power pose and they asked me to narrate the story. Here it goes....

‘The detectives marched in to the cafeteria. They looked like they slayed a giant. Others in the way were throwing flowers at them. But their journey wasn’t over, they felt like they were flying in the sky. Their biggest goal was to talk to seventh grade though guys and make them the angles they were used to be.’

Pheu... I hope that’s enough for them.

Hava and Luke were sitting in a table far away from children. Alex took the lead and said “Hey.... Guys?”

“What....?” That what from Luke and Hava was so loud, everyone looked at them for few seconds.

“We just want talk....” Max said.

“No one never talked to us after we came here.”

“In your old school did the bad guys were cool?”

“Yeah...how did you know” When Hava said that Alex and Max realized Hava’s soft voice was sweet.

“Every bad kid were just acting to be cool. But they realized that our school is different, we love education.” Alex said.

“Actually, we love learning too. But we thought you’ll call us nerds.” Luke said.

“But there’s no such thing as nerds or dorks in our school.” Max said.

Then the bell rang and everyone went to their classes.

“Did you tell Hava that we stole her diary?” Max said.

“She never need to know and keep this between us.”
Alex said.

Then Hava, Luke, Alex and Max spent a lot of time together. They became best friends and no one even realized that Hava and Luke were the bad kids anymore; they had slumber parties together and in grade examinations first four places were specially booked for them; sometimes the first two places because most of the time it's tie marks. But they never let their competition get between their friendships.

Like I said, their friendships will be a turning point of lifetime.

Chapter 04

Martial arts competition

“Another beautiful day. Four best pals going to school together. Isn’t that right?” Luke said. But today the school was different. When they went to the school grounds it was getting ready for some kind of early sports meet and Hava saw their P.E. teacher, Miss Tylor.

“Excuse me Miss Tylor what’s going on today?” Hava asked politely.

“Tomorrow, there’s a competition for the seventh grade students organized by Martial Arts School A.K.A, ‘M.A.S’ Pearl Bay. They are preparing for it now. ”

“I wanted to train there. Even I already have a belt.”
Hava said.

“Me too.” Alex said.

“Me three.” Max said.

“Me four.” Luke said.

“WHO’S READY TO PUNCH SOME DUMMYS
TOMMOROW?” said Hava.

“Yeah.... You mean fake ones right?” Luke asked.

“Yes. What else would I mean?”

Then Luke whispered to Alex and Max, “You guys
have to see her rage mode and remember do not ever
play a prank on her. That’s why she picked Karate.”

“Come on... guys, we have some training to do.”

“We’re right behind you....” Max and Alex said.

*After that day Alex and Max were a little terrified of
Hava and they never played a prank on Hava. Me? I
am scared of her too. (Cough, cough)*

The next day....

“Aren’t you exited to be on the competition?” Alex asked.

“I think there will be a tough competition among other students too.”

“NO.... We are the only participants.” Hava said.

(ANNOUNCEMENT)

All the participants of the martial arts competition. Please report to the school playground.....What only four students? You got to be kidding me!

‘Sir, the microphone is still on.’

‘Oh sorry. Dear children. Dang where’s the off button?’

“I think Principal David is in a bad mood right?” Max said while they were headed to the playground. Others laughed;

That’s why Max is the joker in the friend group.

“I think that’s our spot.” Hava showed four yoga mats aligned at the starting point. The mats were four different colours and they picked their favourite colours

Oh... I forgot to tell you their favourite colours.

Hava likes red, Luke likes blue, Alex likes yellow and Max likes green.

“Hello..... Pearl Bay middle school. I’m Master Joan Andrew. But, you can call me M. J. and I’ll be your host for the martial arts competition...So where are the competitors.”

“Sir we’re here.” Luke Said.

“What? Only four? Really...no audience and no competitors. By the way kids if you here a crowd cheering that’s just the boom box over there.”

“Great.” everyone said but they were sad because no one is here to watch them.

“Shall we get started, but first I have to remind you the rules. There are four tasks and you should complete all before the timer runs off. First task, breaking all the wood boards with your hands. Second task, punching

the rubber dummy and throwing it down. Third task, defend yourself from incoming darts. Fourth task, you have to run in zig zags and get to the finish line... the first three to get to the finish line wins”

“Wait a second, there are four of us we can’t let one down.” Alex said.

“One must have to sacrifice his or her chance.”

“Can we have a timeout?” Max said.

“Sure.”

“Huddle up guys. There’s a problem. I know we all like it but, they choose three from the participants.”

“That means one has to go.”

“Oh no....” everyone said together.

“But whatever happens we’re still gonna be friends forever.” Alex said.

“Then there’s only one thing to do. I have a plan. But, we have to compete.” Hava said.

“What?” Luke wondered.

“You guys don’t need to know.”

“Then it’s settled. Shall we do our shake....? On four...ONE, TWO, THREE, FOUR.” They did a four hand fist bump and that was their signature hand shake.

“YEAH....”

“Competitors are you ready?”

“YEAH...”

“Audience are you ready?”

“Yeah...”

“Is it the real audience or a boom box?” Hava asked.

“Round one. On your marks, GET, SET, BREAK...!”

Guys these people asked me to narrate the story to you.... Again.

All the friends went to a pile of wood and started breaking them. But that wasn’t easy. Hava got the hang of it fast and others took a little time. While Hava was chopping wood like a pro Master J was looking at them examining their every foot and hand movement and what is this others are starting to break wood just like Hava. I’m getting word that there only twenty

seconds on the timer. Ohhhh....First to finish her board pile Hava and the crowd goes wild! (SORRY...BOOM BOX) Now the competition is between Luke and Max and stakes are already high up of the audience. (Wait.... I FORGOT.) HIGH UP OF THE BOOM BOX. And look Max finishes his boards. Luke finishes it next and the last place goes to Alex and that's it for the first round folks. See you after the commercial break.

(Wait, what am I saying? I'm not the host Master J is the host. Since, he's not saying anything I'll be the host.)

“Kids.... You can have a break. Be back in ten.”

“Great chopping skills Hava. Remind me to never cross you.” Alex said.

“Thanks. I'm so sorry for you.”

“It's okay. I'm fine.”

“I think M.J. is a chill dude.”

“Yeah....”

“Good luck guys. All the best.” Luke said.

“Chop-chop kiddos. Round two and three ...GET, SET, PUNCH....”

Ooh.... round two, which means the microphone belongs to me now. It's like a wrestling match going on there Max is taking the lead....hitting right in the nose. What Hava punched the chest, ouch.... Max broke the hand and now it's on the floor. Max is the winner. Off he goes to the round three. Now Alex suddenly increased her speed. She's not giving up,

Look at Hava who punched the face of the dummy and entered to the next round. There are only two contestants left on the round and it's a tie. Now all the contestants are in round three. First of all can I get a big cheer for the boom box? Ready? Incoming darts people. Look.... what a comeback from Luke. He's using the dummy as a cover to block the darts and that's a direct hit folks and he's the winner of this round. Alex is skipping the darts without hitting her with insane speed and Hava is using her amazing Karate moves to block the darts. If you think I forgot about Max? He used a chair near him as a shield to

block the darts. The second place goes to Alex and third place goes to Hava leaving the last place to Max.

“What a hustle guys and I’m waiting to see your best in the next round.” said M.J.

“Only three is chosen. Remember....”

“Whatever is going to happen we’ll do it..... together?” Hava said.

“Okay. This is the last round and the remaining three will be chosen. GET...SET...RUN....”

Guys I think this hosting thing suits me pretty well. I just booked few gigs. Since the Last round had started here it goes.

Now all the four contestants are on the run. This is no ordinary race. The three winners will be selected to learn martial arts at the school of martial arts. Only few meters ahead, then who will be selected? Everybody’s stakes are high! Alex on the lead. I heard that she was in athletic team before. Luke and Hava are a tie to the second place. On lane four Max is still in the last place. Oh My God! Hava tipped over. She was the star of the other rounds. She does not have this

running thing under control. What others are near the finish line and Alex and Luke crossed it. Wow... Max is turning back! He helped Hava to get up and now they are crossing the line together.

Max and Hava tied to third place and Folks was that a game? I guess that's what happens when friends are in a competition. So that's the game I'm your host..... Sorry I'm not allowed to reveal my name yet. It's someone's orders (Don't worry you'll know my name later in this series.)

“Max, why did you did that?” Hava asked after drinking a sip of water.

“We are asking the same question. Why did you fell on purpose?” Alex asked.

“Because, I wanted to let you guys win.”

“Hey kids, Can I have a word?”

“Please, Master J select them. They are the true winners.”

“Pick Hava. She sacrificed her chance.” said Max.

“I am not going to pick Hava.”

“What?”

“Because, I’m picking all of you.”

And that was a great ‘sick term’!

“Yes. But how?”

“Each one of you had skills I needed. Hava with great Karate moves, Luke with great defense skill, Alex with great speed and Max with great strength. And the greatest qualities you have like Friendship. You all passed! See you tomorrow at the martial arts school.”
M. J. said.

“Bye, M. J....”

“So who has eight thumbs and also got selected for Martial arts school?” Max said.

“US, GUYS....”

And see you’ll tomorrow. Where the adventure starts.

Chapter 05

A request for a lifetime

“We made it. Here’s the school. Let’s go in....”
Hava said because she was the most excited to be here.
When they went in.....

“Hello... New comers..... Welcome.” M.J. said.

“Hey... can I ask you a question? Why is there no students in here” Max said.

“Oh ABOUT THAT.....”

“Are you lying to us?” Luke said.

“No.....just come through this wall...”

“What? Wall...really? Are you insane?” Alex asked.

“I knew this would happen. Jake..... plan B.”

After a while.....

“Hey....what happened.”

“Where are we? Let us go.... ” Alex said. She was the first person to be awake.

“What did you do to us?” Hava asked.

“Actually, I didn’t do anything to you guys. Our tech engineer did. He blasted a smoke bomb at you and you all fell asleep because of the smoke.” M.J. replied.

“You are at my secret hideout. If you accept this could be yours someday.”

“Sweet....” Max said because he likes high tech stuff.

“What do you mean?” Hava said who the curious one is always.

“How about I show you this.”

Then he just pressed a button on his high tech smart watch.

Which looks a lot cooler than regular watches. A sudden glow and boom! That was the famous super hero from their town.

He is *(Duh...he has a name but, I'm not gonna reveal his name. How about this? I'll let you decide and write any name you want in the space given above.)*

“How about now?”

“OMG.... You're” Luke said who is a fan of super heroes.

“But, you never reveal your identity to anyone. Why did you do this?” Hava said.

“Now I'm out of my days. I was searching for the bravest, strongest and smartest three children from Pearl Bay. Since I got four I want you to take over. Since others wasn't interested in fighting and learning, I want you guys to take over as the new super heroes in Pearl Bay. ”

“First of all, can we have a chat?” Hava said

After the chat...

“So what's your decision?” M.J. said

“We don’t like to be super heroes....” Max said.

“What?”

“We would love to be superheroes. (*Oohh! I didn’t saw that coming.*) We already wanted to be super heroes but, we were just planning this.”

“Phew. By the way I love sick terms. That’s why you are perfect. Would you come here as soon as the school is over? I have a lot of things planned for you.”

The next day,

“You have to come through that wall to get in. so, welcome to the hideout. First I want you guys to meet Jake. He’s our tech engineer.”

Jake was a twenty year old boy. He was doing this job as a pre- college job.

“Nice to meet you. First of all, I gotta warn you, my devices don’t work as planned but, they always...I mean always, gives a thousand times better solution in every problem.”

“Oh, a fellow tech person. I like you.” Max said.

“Are you guys ready to see your weapons? I built them last night.”

“What weapons?” all of them said.

“May I present to you, your new weapons....”

Jake handed out weapons one by one.

“Let’s go to the training room and test these babies.” And that was Hava’s happy voice.

“First, all go to your colours. Fair warning you guys might want to stand back from Hava and Max. Because I think I made them a little dangerous and I don’t know what powers those things have.” Jake said carefully standing back.

“What can it be? Also why does it looks like two blasters?” Hava said to herself and she was happy again.

“Why do I have a shield?” Max said.

“Two gloves? Cool...” Luke said.

“And I have a full body armor.” Alex said.

“Now I’ll tell you how to use the power gadgets. Hava, aim your blasters to the front and shoot but, on my command.

Luke, aim at that big metal piece over there and raise your both arms. Alex, M.J. might punch you in several directions, you have to avoid getting hit and Max, just avoid the lasers. But I don’t know what they do. So, that’s why this room is super power proof.”

And that’s how Jake explained to the kids.

“On the count of three”

“(cough) four (cough)” Max said.

“Okay...on the count of four I’ll turn on the power of your gadgets. Then do what you have to do.”

After the countdown Jake turned on the power supply and when everyone started together and all the gadgets got exploded! After a while first to be awake was M.J.

“Is everyone okay?”

But the kids weren’t still up. The only one up was Jake.

“Hey, M.J. why are they glowing.”

“Oh My God! Let’s get them to the operation room. ASAP.”

Chapter 06

Moment of Truth

“**W**hat happened? Wait why am I glowing in red?”

That’s when the others looked at themselves.

“Ahhh....” *And that was a loud scream.*

“So, good news, bad news. Good news is that I can cure your glowing and bad news is there might be some side effects.

“What are they?”

“I still don’t know.”

“Guys, I just realized how hard it can be to you guys to save the city.” M.J. came in and said. That sounded like a bad news.

“You’re fired.”

“You can’t fire us M.J, we love the job.” Hava said.

“It’s too dangerous for you guys. Just leave.”

Then he left the room. Then others went to school. A little while after Jake sent a text message to Max. *Max was a big fan of Jake.*

“Watch out for side effects. If something happened come here immediately.”

What would happen will there be side effects? And what would the side effects be? Well why are you waiting? Turn the page already.

At Alex's house.....

They were watching movies on T.V.

“So sad that we lost the job” Hava said.

“No side effects yet, right?” Alex asked.

“Yeah, I guess.....” that's when Hava saw a cat running towards her chasing a mouse and when cat jumped towards the T.V.,

“No....not the T.V.....” Hava tried to reach the cat and two red lightning bolts came out Hava's hands and they went towards Max. Then, a green force field covered Max. After bumping into Max's force field it came in the direction of Alex. She moved away from the lightning bolt with speed same as the lightning.

Then it got hit to a wall and shattered away. All of this happened under three or four seconds.

“What happened to you guys? Why didn't anything happened to me?” Luke was the most confused among all of them.

“Whatever happens my parents should not see this. We must erase the CCTV footage. By the way, I think my sis is coming.”

“You have a sister?” Luke asked.

“What going on? I heard buzzing sounds. Is there a problem with the T.V.?”

“We were just.....ah..... Watching a movie. It’s about a girl with electricity powers..... It’s based on a real story.” Hava said.

“Okay. If anyone need anything, call me....”Then Alex’s sister went away.

“Nice save.....Red spark....” Luke said.

“Now, we got to delete the footage and sneak out of the house to find Jake.”

“We’ll call this mission, operation sneak out.”

Phase 01

“Wait....before you delete it, we should save a copy of it in one of our phones. Jake might want to see that.” Hava said.

“Great idea, I’ll save it in my phone” Alex said.

“Let’s leave before Alex’s sister comes again. Max, can you text Jake?” Luke said.

At the hideout,

“Jake, we have a problem... Is M.J. here?” Luke said rushing in to the hideout.

“What are you doing here so late?” Jake while said he was creating one of his new inventions.

“We found our side effects. You have to take a look at this video.”

Then M.J. came to see what has happened to them. When his saw the video he was over joyful.

“Jake do you know what it means? And Hava great save”

“Before, I tell that to you guys, let’s go to the operation room. I have to scan each of you.”

.....

After a while Jake scanned everyone. “Again..... I have a good news and a bad news.”

“You guys think that incident happened because of your side effects, but it happened because of you have

“What.....a curse? A disease? You have to tell us.” Max said.

“Don’t worry. You guys have super powers...” M.J. said. He was way too excited to explain it to them.

“I told’ ya..... My inventions give thousand times better solutions.”

“What? Super powers.... Yes....” Hava said.

“(cough) (cough) what about me?” Luke asked.

“I was about to get to that. You have a power inside of you. Watch out.... Your power might pop up.”

“Can you guess what your super powers are?” M.J. was exploding with joy. “By the way red spark knows her power....I mean Hava.”

“We don’t know. But I have some kind of a shield around me” Max said.

“By the way my hands are still sparking” When, Hava said that, Max had an idea’

“Why can’t Hava zap me and I activate that shield again.”

“No, when I scanned you your force field was a little bit damaged, because of Hava’s super power. She has electricity all over her body but, that’s thousand times better electricity.” Jake said.

“How about I tell your super powers and tell the bad news as well.”

“Ohhhh...There’s a bad news too.”

“Hava has electricity power and your DNA has changed a lot. You know what that means.....”

“Yes, doctor’s....appointments...”

‘Max’s force field pose. He is a show off type person.’

“That’s correct. Until your super power is under control. You have to wear electro protector gloves but, I don’t have it and I can make one by tomorrow. Don’t worry.... You can sleep. Because, when you are sleeping it doesn’t activates. You have to control your rage too rage activates your power in public. ”

“Alex, you have super-fast reflexes. It means that you can do work faster than regular people. You have to get trained to do your work to the right speed and also I’m putting you in charge of preventing Hava from over raging in public but, she needs her rage for fighting crime.”

“Max, Be care full not to get zapped by Hava or else it will damage your force field. Also you have to guard others with your force field.”

“At last, Luke, you have to find your super power. You have to be careful at the school or else everyone’s cover will be blown and this super hero thing will be over.”

“You could tell what power I am getting right?” Luke said who was still sad.

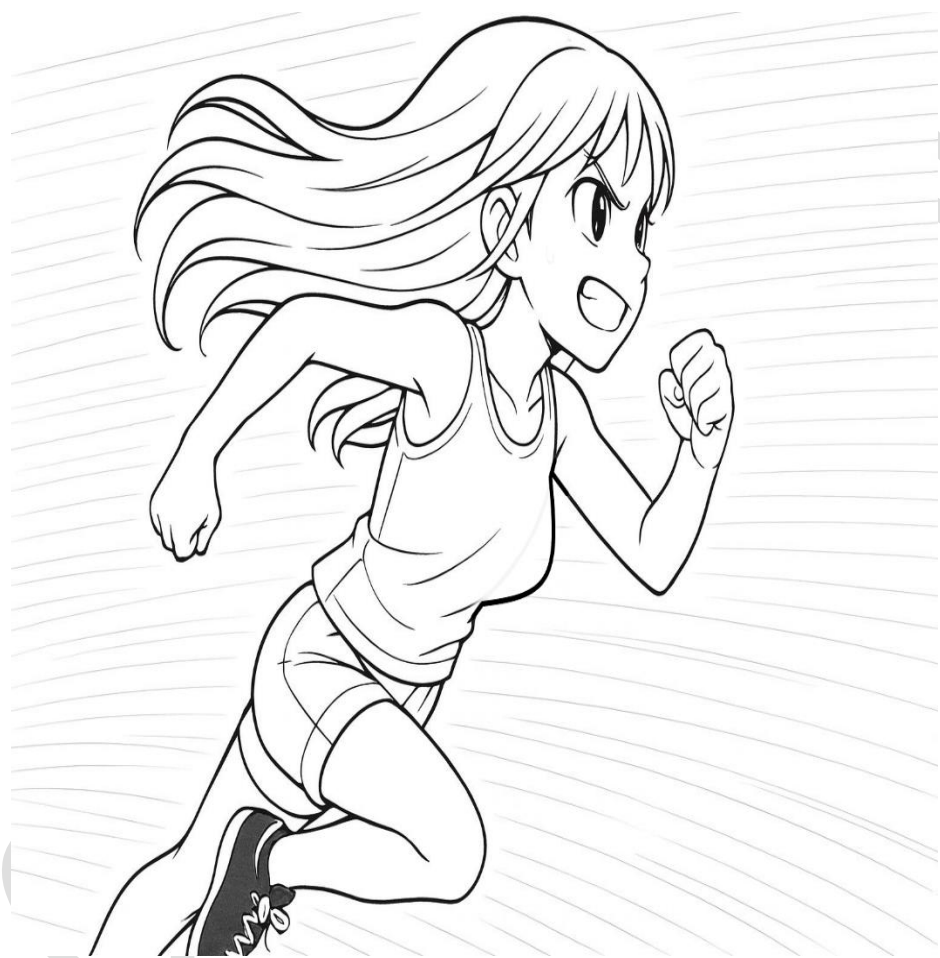

“No, those aren’t supposed to be your powers. It got mixed with all of the weapon radiation and somehow you got those super powers.”

“So, are you guys ready to save the world?”

“Yeah....” all four said.

“That’s all I wanted to hear.”

Do you know that the next chapter is seven and the last chapter was six? Well, if you are a kid reading this I know that you are going like six sevennnn!!!! If you are an adult who knows this, it’s because you were a kid when this six seven thing was in trend or a kid who’s a couple of decades away from the present time; the time I write the book.

‘Alex’s super-fast reflexes working on high speed.’

Chapter 07

“The school is haunted?”

You’d probably be thinking, “Is this turning into a horror story?” Well, stick around and find out.

“Class.... get ready for geography..... Today, we’ll be learning about Asia”

“Yey....” Alex said. The other three were scared because, Hava’s hand started sparking and she’s hiding it under her jacket; Luke was freaking out that his super power could be dangerous like Hava’s super power.

I mean Hava could handle that but, I think Luke can’t.

Also, he was thinking about the bed at home, because he was very sleepy; in fact everyone was sleepy. Max was afraid because if someone punched him the force field would activate. *Phew.... history class is over.* Now it's the hardest time; lunch time.

"I wish that lunch tray was closer I can't even stand up." Luke said. Then, lunch tray started floating.

"OMG! That tray is flying...." a random student yelled. That's when Hava, Max and Alex looked at Luke.

"How did you do that? Can you keep that back?" Hava asked.

"I don't know how." Then all of the stuff around Luke started floating.

"Is our school haunted?" everyone wondered.

"So, guys he is just practicing.....for....A...."Alex tried to stall them.

"A magic trick" Max said adding up to Alex's make-up excuse.

“Then there’s only one thing to do. I’ll be right back.” Hava said. She went out of the room and zapped the main electricity panel after checking for CCTV cams. Then in the next second the whole school was in darkness.

“Really.... a blackout?” everyone started talking about that. Then a teacher entered into the cafeteria.

“Children, I’m sorry to say this but, something just happened to the main electricity panel. It was completely fried. So, the school will be ending early. I mean..... right now.”

And after that everyone was wild and they decided to do a happy scream like other best school days. That was the loudest screams I ever heard inside the school.

“Yes.... Best week ever..... Super powers and..... Ending school early.” Luke said.

“We should bounce before anything happens again.” Hava said.

.....

‘When she zapped the electricity panel. It was one of Hava’s best lightning strikes.’

While walking to secret headquarters,

“We missed your first electro moment.” Luke While walking to secret headquarters,

“We missed your first electro moment.” said Luke.

“But, good news, we all saw your... big moment.” Hava said.

“There’s one thing I still don’t understand. What is Luke’s super power?” Alex said.

“I still don’t know that too.” Luke said.

“By the way, did you guys saw this video? It’s very trendy.” Max said showing his phone to the others.

“Is that our school? Haunted? I think that will old news by tomorrow. Then, we will be the best celebrities in town.” Alex said.

“Yeah....baby.”

“Guys I found the super power and I saw the video too.” Jake said after scanning Luke.

“You have telekinesis.”

“Tele.... What?” Luke was so excited that he even forgot the name of the super power.

“Telekinesis is moving things with your mind. Now, let’s see your super power in action. Lift anything you want with your mind.”

Luke lifted a chair. He was doing that like a pro.

‘This is how Luke lifted a sword.’

“So cool....’ everyone said. M.J. entered in with four smart watches.

“Guys, here is a present for youput it on according to your colour and Hava Jake has something to give you.”

“Here’s your electro proof and cool half gloves. Until you train to keep your powers in control you have to wear them to school and other places.”

“They’re exactly the way I wanted. Thanks...”

“What do you think about them? Check the features.”

“Looks like a regular watch to me.”

“It looks regular now but, when you transform into your super suits it transforms too.”

“What do we do with it now?” Alex said.

“You can change into your super suits with it and also you can teleport into any place on earth or check out the latest crimes happening.”

“Really? So, Jake’s invention worked?” Luke said.

“No... I was trying to make you a weapon again. But, somehow it turned into those. Quick update, I’m getting good at making things.”

“Can I try something?” Max Asked.

“Sure, go ahead.” Then Max teleported in a flash and teleported back to the room.

“Where did you went? And doesn’t anyone care about the super suits?” Hava said.

“I went to my bed room...and I had no idea about the super suits.”

“Well, I didn’t design them. You have to design it by yourself and I’ll upload it to the watches.”

“Guys, there are some features common in every super suits. For example, a mask, cool features like pockets and weapons and the things that you don’t have when you are in your super suit like a different hair colour. But, I think you don’t need weapons because you have super powers. You need to consider the things I said before creating super hero costumes.” M.J. said.

“Ok, I think the theme should be.....drum roll please..... ‘Mysterious’.” Hava said.

Guys, I'll give you a secret quality of Hava. She's the most fashionable in the group and she has a great taste for latest trends. Some of you are thinking..... 'Bro, she's like the queen of cool.' Well that's right and don't change your mind about it. And I'm not a 'bro'

“First of all, LOVE IT..... We should design it together.” Alex said.

“We were thinking about ‘Ninja style’. All super heroes looks like ninjas.”

“Like, M.J.’s super suit look like a ninja. Am I right?” Hava said. *Also, she's the group debater no one can defeat her from an argument except, her aunt Karen A.K.A. Luke's mom.*

“Nice going girl.” Alex said. *Alex is the sweet one because, who doesn't likes Alex?*

“How about this? You guys can create your own costume and the winning team gets to choose the final outfit style.”

“Okay. Challenge accepted.”

After the meeting in the hideout. Hava and Alex were in Alex's bed room,

"Hava, what are we going to do? Do you have any ideas?"

"So, I have one.... I saw a movie yesterday and it was about three super hero girls and they have awesome styles for a super girl costume." Then, Hava showed Alex some pics of them.

"Their style is amazing. I like the middle girl."

"I like the short girl. Anyway.... let's crush these boys down."

While the girls did their work, the boys were in Max's bed room, as he likes to call it his headquarters,

"If we want to look like ninjas, what would be the first thing you add to the costume?" Luke said.

"I know..... we can design head bands." Max said.

"That's cool. We should add a retro effect."

"Yeah.... Who doesn't like retro?"

The day of the final round,

“I checked your drawings and both of these designs are very nice but, I’m going ask you to take a look at the opponent’s design.” M.J. said with a serious judge’s accent.

“Well..... This is cool. I like your retro effect.” Alex said.

“I like the jackets you made. That’s pretty cool.” Max said.

“I just had a crazy idea. What if we combine our designs and create something.” Hava popped out an idea.

“I totally agree.” Luke said.

Then, they all created a ninja and mysterious themed costumes.

“So, are these the final super suit ideas?” Jake said. He was inputting a code for something.

“Yes. That’s final.” Hava and Luke said.

“Ok. I did it. Turn on your watches and go to the mini games application and press suit up.”

“Why is the suit up button in a mini games app?” M.J. said.

“For safety, what if someone took your watches and look at them and if the suit up button was glowing right there.....”

“Yeah..... we get it.”

Then in the next few seconds. There were totally different super heroes with super powers. It's like Hava, Luke, Alex and Max disappeared into the thin air. Now, they are red spark and the others. That's what I can call us when we're in super suits. 'Cause, Luke, Max and Alex still didn't choose their super hero names.

“Wow..... Look at us this is so cool” Max said.

“What do you think M.J.?” Hava said.

“The fits are perfect. You guys even added hoodies that's cool.”

“How about a group selfie.....” When Alex was about to say the next word M.J. stopped her immediately.

“Whoa..... You can’t keep that in your phone.”

“Don’t worry I’ll send it to my old camera. No one never checks it.”

CONFIDENTIAL

Chapter 08

Weird Christmas holiday and incoming battle

“**M**erry Christmas guys.....” Hava and Luke came into the hideout. Alex and Max were already in there.

“Wasn’t Christmas a little weird to you guys?”

“I wasn’t that weird except.... When my brother punched me it didn’t hurt at all.” Max said.

“I just did my homework very fast and all the other chore work too.” Alex said.

“I didn’t felt any chill or a cold.” Hava said.

“And I touched snow without gloves and scared a neighbor with my telekinesis.” Luke said.

“I’m going to warn you. That could reveal your identity. Don’t do those things again.” M.J. said.

“Hey guys your first battle is here, that crime alarm is flashing.” Jake said.

“Then, you guys better go.” M.J. said.

“It’s not a much of a crime. A villain named the dog butcher is stealing dogs at the park.”

“Is it the Tiktok section?” Alex said.

Wait, did I forget to mention about the tiktok section in the park? That’s the place where most tiktok bloggers go and do many trends.

“Yeah.”

“Then, we better watch out, if we do something wrong, there’s no turning back.” Luke said.

“Come to think of it. You guys still don’t have your super hero names.....right?” Hava asked.

“We can think it later. First we have to save those poor dogs” Alex said.

“Doesn’t anyone do anything to stop the dog man?” Max asked.

“Police doesn’t do anything they wait for me every time.”

“How about we do a power pose when we teleport?” Luke asked.

“Yeah..... we’re obviously gonna do that.” Hava agreed.

“Good luck guys..... and also turn on your mask cams because, we both are going to watch your moves and tell you what to do.” Jake said.

At the park,

“You better hand me that dog..... or else....” the dog butcher said to an old women with a cat. *He has bad eyesight.*

“Or else what?” Hava said. *I mean red spark. By the way that was a dramatic entrance.*

“Ohhhh... retro clowns.....”

“Red spark could you.....” Alex said. She hates when she gets called by stupid insults.

“With pleasure.....” Then, Red spark zapped him so hard that he looked like a fried chicken.

“Hey... leave something for me.” Luke said.

“Here.... he’s all yours.” After few seconds, Luke lifted The Dog Butcher with telekinesis and threw him away. Then the dog butcher got up and started to punch Max.

“Excuse me... I wouldn’t do that if I were you.”

“I’m not scared of you tiny punk.” When he punched Max the force field activated. The dog butcher punched him over and over.

“Why are you so strong?” Then, Alex showed up and it made the dog butcher freak out.

“Ahhh... I forgot about you.” In the next second Alex used her super speed and ran around the dog butcher.

He was so dizzy that the dog butcher fell down right on to the ground;

Then the heroes gave the dogs back to the owners. After that fight everyone gave a big applaud to the heroes; every Tiktok blogger took videos of the battle. Then, a random girl yelled,

“Hey guys..... Can I get an autograph? I’m your biggest fan. My name is Chloe.”

“Sure.....” Alex said.

“Wait.... I have to tell you something, that’s my little sister.” Max whispered to the others.

“I never knew you had a sister.” Luke said.

“Would she notice? That’s I’m Well.... Me? And for your information I also have a big brother too.” Max while Alex was signing autographs.

“Why didn’t
came?” *I think you guys know what to do. Do you remember that I told you to write any super hero name that you’d like. If you don’t remember.....its M.J.’s superhero name.*

“He said that he’d retire.” Luke said.

“He was my favourite hero. I think there’s room for four more.....Do you guys have cool names like?” she asked.

“Ahhh.....” the four remembered that they didn’t had a team name.

“Red spark..... by the way we have to go now. Buy.....” after that they teleported back to the hideout.

“Guys that was awesome. The social media is on fire. They even created cool names for you.” M.J. said when the heroes teleported into the room.

“What cool names?”

“They call Hava.... Red Spark, Alex Flash Fire cuz, you’re a flash like fire. Luke..... Neurocore because, you do the fighting with the mind. Max, they all call you Quantum but, I don’t know the reason. Defender League is your crew name. First one to create your names was a little girl named Chloe. I think she knew that you didn’t had supe names. ” M.J. explained.

“Their names are good than the names we thought.”
Alex said.

“Yeah.... I didn’t even know how to choose a super
hero name” Luke said.

“The Tiktok bloggers even created slo – mo clips for
you guys.”

“The videos are cool pretty sick....” Hava said.

“You guys better go. It’s already 6.00 p.m.”

Chapter 09

A surprise master criminal

“Max, you have to come with others.... It’s an emergency. Just use the watches because, you have to come here ASAP.” That’s Jake who sent a voicemail to Max’s phone few minutes ago.

“Guys..... Let’s go.” Max said. They were at Luke’s house, making their power poses.

“Mom, we have to go to our academy..... we’ll be back soon.” Luke said. Then, they teleported to their secret hideout and M.J. started talking as soon as they went there.

“Guys, let’s go it’s an emergency. You have to get to the New York.”

“Anyway.... You guys have to go.”

“Wait.... I’ll update your location to a safer place. Actually, it’s just a load of sacks to make a plan before the attack.”

“I don’t know who the criminal is yet. Because, it shows error code when I track his location and also we need Luke for furniture removing stuff.” Jake said.

“I’ll stay here.”

“Ok. We’ll go there.” Then they teleported to a weapon store in New York.

“So, this is New York? M.J. where are we?” Flash Fire asked. *I started calling them in their super hero names when they are in uniform.* M.J. was at the hideout giving advices to the kids.

“Sammy’s weapons..... And he makes the best weapons in New York and it’s located in a secret location only heroes and villains know to enter. Could you turn on your mask cams?”

“I think that is the villain. He is a very anonymous.” Neurocore said.

“Wait..... that’s Electron. He is the leader of the villain league.” M.J. asked who was on contact with them.

“Does he have to do something with electricity?” Flash Fire asked, who seriously looked at Red spark.

“Yes. He has electricity powers just like Hava. He is the head of the toughest villains which makes him the toughest of all. I think he came here to get the best weapons in the hero world.”

“You guys have to put Hava in the lead.” Jake asked.

“Why me?” asked Red Spark. She thought taking down him would be hard.

“Because he has the most powerful electricity powers in the jerkverse and you have the most powerful electricity powers in the heroverse but, so much better than his powers.” Jake said.

“You have to do a sneak attack.” M.J. said.

“Ok. Then, let’s get to it.” Luke said. Then, Red Spark zapped her while hiding behind the sacks.

“Ouch. Who’s that? Show yourself.” Electron said. It was a very deep anonymous voice.

“Ok..... we’re here.” Flash Fire said.

“Oh..... The little kids who took down Dog butcher. Did your mommy sent you to take me down too?” Electron asked with the baby talk. That’s when Red Spark zapped him.

“Oh I forgot that you have Lightning powers as well.”

From the mask cams M.J. saw that she can’t fight him alone. “Max.... you have to help others. Prevent them getting hit by dark lightning bolts or else you guys will turn evil too.” That’s when super punched him very hard while Max was guarding others.

“Alex..... Duck.” Hava said. Then, Hava zapped him that he fell on to the floor. Then the heroes thought he fainted and started to celebrate. But, Electron did not fainted he pretend he was. He got up while the others were celebrating and zapped few dark lightning bolts.

Then, Jake saw it through Quantum's mask cam but, he was too late. "Guys..... Move"

"I knew that she is fast so..... I got a special gadget prepared, just for you. This is seek & dodge 1000 the latest model. You guys enjoy that while I rob another bank." Electron said while he got up.

Flash Fire avoided it but, it followed her; she thought she ditched it and stopped. The dark lightning bolt struck her and she fell down unconscious. "No....." the other two shouted. "Guys, can you hear me?" Jake said after Flash Fire fell down.

The other lightning bolt was headed towards Quantum and he used his force field. "Yeah.... We can hear you." When, the final lightning bolt followed Red Spark it struck her from the side but, nothing happened "Ouch...."

"Bring her over here. ASAP." Jake said.

At their hideout.....

“I scanned her but, she got zapped by Electron so hard.”

“How was the fight?” Luke entered in with a broken chair. After he saw Alex,

“One thing, you said that if someone got zapped by dark lightning bolts, that person will turn evil. Why didn’t she turned evil?” Max asked who finally changed to his regular outfit.

“Most heroes without super powers turn into evil but, heroes with super powers sometimes faint. Hava didn’t faint because your super power protects you against dark lightning bolts.” Jake said.

“How do we wake her up?” Luke asked.

“Maybe, we could zap her with more electricity.” M.J. said.

“So, you want me to zap my bestie with lightning to wake her up?”

“Yeah. I thought I was your best friend” Max said.

“I have a lot a best friends but, she the only gal pal I know.” Hava said. Then, Hava zapped Alex and good news: she got up.

“Guys, I just had the strangest dream. We were fighting a villain named Electron. And I got zapped by a dark lightning bolt: Hava got zapped and there was a scar on her neck.”

“Wait.... what? You saw a scar on my neck?” then, she touched her neck and realized..... she has a scar on her neck.

“Oh my god.... That would take a lot of time to heal.” Jake said.

“So.... Was the fight real?”

“Yes. Sending you guys to the fight without any information is my fault. I forgot to introduce you our top criminals. That could make it easier to fight crime. This is Mask Jacker and he always reveals someone’s secret and mess up that poor person’s life. Also, he puts up a plan and make the heroes in hero world reveal their identity.” M.J. started showing pictures of few villains.

“This is our second villain in our list. She is Double K, she disguise as various people with a weapon called Disguise-o-nator 3.1. She can’t be identified easily, but she has a birthmark on her neck that looks like a diamond in a deck of cards. I don’t even know her real identity.”

The next villain on the list is the toughest one yet and he’s the leader of the whole villain league. His name is Electron.”

“The one we fought today was Electron?”

“Yes. If I knew that was Electron, I don’t let you go.”

“What if we had a crime alert when we are at school, how do we handle that?” Alex asked.

“Just make up an excuse and then, leave.....”

Chapter 10 pt. 01

A blown cover by dodging player

“So, what’s up? Why’d you call us?” Luke came into the hideout and said.

“I have to show you something.” Jake said.

“What are you working on?” Max asked.

“Oh, this is just a weapon do destroy villains powers for a short period of time. So, don’t touch this.”

“That’s cool.... We could catch the villain defenseless.” Alex said.

“I’m giving it to one of you guys, who’s in?”

“I vote for Luke, he can use his telekinesis to shoot this at the enemy.” Hava said.

“I agree.” Alex and Max said.

“One question, why does this looks like a Baseball?” Max asked.

“For safety and Luke, could you do that?” Jake said.

“I could do that if you say so...” Luke said. But, he was afraid.

“Here, keep this with you.” Then, Jake gave it to Luke. That’s when Alex looked at her watch.

“Luke, you are missing the dodge ball game, we have to leave.”

“Why? Don’t you guys hate dodge ball?”

“Luke is the captain, the rest of us hates it.” Max said.

“Actually, I like to throw balls at others.” Hava said.

“Let’s go.....”

At the Gym.....

“You guys can be on my team.” Luke said. Then, Max came with his sister, Chloe.

“Hi Chloe.... Why are you here with the seventh graders?” Alex asked.

“It’s Max’s turn to babysit me.”

“Aren’t you a little bit older for that?” Hava asked.
Actually, Chloe was in fifth grade.

“Yeah. Our mom cares about me too much.”

“Chloe you can be on my team.” Then, the Gym teacher Mrs. Duncan came,

“Okay, guys you are going up against the Eighth graders and..... Plan your positions.” *She explained everything to the freshmen class. Some of them were sweating even before the game started. Did I forget to mention that after the weapon explosion it’s almost been a year? No, well, my bad..... The four are in eighth grade now.*

“Really? Sixth graders? We’re better than, that.” Hava complained.

“We could use our lucky dodge ball.” Max said.
Believe me it’s very lucky.

“It’s in my bag. Could you grab it from my bag, Chloe?” Luke asked.

“Let’s go easy on them.” Luke said.

“Could I throw one too?” Chloe asked.

“Sure, you can. You can throw the lucky dodge ball.” Alex said.

“Hava, you take the right side and Alex will take the left, Max, you can take the front; I’ll take the back.”

“What ‘bout me?” Chloe asked.

“You can take the big guy over there. Throw the ball when I tell you.”

“Both teams ready? And go.” Mrs. Duncan said.

First Max took the back down, Hava took care of the right ones and Alex threw the balls at the left. It was Chloe’s turn to take down the middle guy.

“Chloe.... Now.....” Luke said while he was throwing a dodge ball at a kid in front. *That’s when Hava saw something was odd.*

“No..... That’s the weapon. Chloe you picked the wrong ball.....” Hava shouted.

“What is a weapon? Why is it in your bag?” Chloe said. *That’s when Luke used his powers before anything weird happened. He pulled back the weapon with his telekinesis*

“How.....How are you doing that? Wha? WH..?” Chloe lost most of her words just looking at Luke. *Then, Luke realized he wasn’t in uniform. He lost his concentration and dropped the weapon.*

“Ahhh... I ...I’m just.....” Before he could say anything the weapon hit the ground and BOOM! POW!

.....

After a while.....

“Guys..... Are you okay?” Alex said. *When Alex said that the others were already up except Chloe, the other sixth graders and Mrs. Duncan.*

“I think we all fainted. Is Chloe okay?” Max said.

“Ahhh.... What happened? How was Luke doing that?”

“Should we tell her?” Hava asked.

“I guess... We can’t leave her like that.” Luke said. *The others were still unconscious.*

“We should meet M.J. and Jake, Chloe hold on to me. We are going on a trip.” Max said.

“We’re going to blow your mind.” Hava said.

Then, they teleported. *You know where. Right?*

“How did we get over here? What is this place?” Chloe still had so many questions.

“Hi....Guys..... whose she? What is she doing here?”
M.J. was already in the hideout. Jake was there creating more dodge ball like weapons.

“Weird story So Bla, bla, Bla and bla, bla....
(*Fifteen minutes later.....*) and that’s why she’s here.” Alex said. While we were listening to that Jake made hot cocoa from hot cocoalizer 1.0.

“So... let me get the straight, she knows your secret?”

“Actually, we didn’t told her.” Luke said.

“What secret?”

“Could we tell her?” Max asked.

“Okay.... Go ahead. I said that because, we have no other option.”

“Would you promise not to tell anyone? Even.... Our family?”

“Is that secret that big?”

Another fifteen minutes later.....

“So, you are Quantum, you are Flash fire, you are red spark and you are Neurocore?”

“Yes.” All four of them said.

“I can’t believe that my brother is a super hero..... Oh my god.... I almost forgot, do you guys have real super powers? And can I see your costumes?”

“First, you gotta promise me that you wouldn’t tell anyone.” M.J. said.

“Okay. I promise. Wait a second, it was just hitting me now. You are You are like my favourite super hero.”

“You got that correct.”

“I told you that we would blow your mind.” Hava said.

“Oh..... It’s almost movie night..... We have to go to Max’s house.”

Chapter 10 pt. 02

Double trouble Switch – A – Roo

If this was a TV show I would have said, 'previously on Defender League.' and show you a preview of the episode. But, this is not this is a book. So, I say this is the part two of chapter 10.

At Max's house.....

"So, we have corn kernels. But, our oven is broken."
Chloe said.

"No problem..... I got that covered."

Hava tried to zap the kernels but, electricity didn't came out of her hands. Instead of lightning, the kernels just floated in thin air.

“Luke, are you doing that?” Hava asked.

“I don't know, maybe.....”

“Let me put that back.” Luke tried so hard to put down the popcorn. But, it didn't work. However, a force field just activated around Luke.

“Why doesn't that work?” Hava was puzzled.

“Maybeee..... Actually, I don't know what to say.” Max said.

“Maybe..... We lost our powers after that?”

“How is this possible? You were supposed to have telekinesis.” Chloe said.

“NO.... I'm not doing anything.”

“Alex, Max, do you still have powers the way it is?” Hava asked.

“Alex you try.....”

“Only one way to find out. Chloe, could you pick up those balls and throw them at me.” Alex said. *When Chloe throw them at Alex, she couldn't avoid the balls hitting her.*

“OMG.....I lost my powers.” Alex said.

“All of you guys don't have your powers, which means..... I don't have powers too.” Max said.

“We better call Jake.” Luke said.

“Who's Jake?”

“He is our technician, he created the ball you threw at the sixth graders.” Alex explained.

“Jake..... M.J..... We need to tell you something.” Max said. *They were on video chat.*

“I think we lost our powers.” Hava said.

“You guys did..... What? *I think Jake doesn't heard us.*

“We lost our powers. But somehow Luke has a force field. ” Alex repeated again.

“Oh... I see..... You didn't lose your powers they are just switched between you guys.”

“So, they have powers but, they have different powers.” M.J. asked.

“Yes. There are two methods to find your powers. So, I could scan you and see what are your powers are or you can test the powers by yourselves.

“I like the second option.” Hava said.

“But, there is one problem. Until I find the cure for the power switch - a - roo you have to fight crimes with any super power you guys get.”

“You have to train each other to use your powers as their powers. For example, if Max has telekinesis then, Luke have to help him to use telekinesis correctly.”

“Let’s go.....”

In the power proof power room.....

“So, who has telekinesis?”

“I think I have telekinesis. Remember, how the kernels floated? And we forgot to tell Jake about that.”

“So, Hava has telekinesis, Luke has a force field which means..... I can’t have super speed so, I have electro powers.....” Alex said.

“And I have super speed.” Max said.

“Guys..... I don’t mean to be that guy but, the crime alarm is flashing.” Jake said.

“But, we didn’t practice anything about our new powers.” Hava said.

“Well..... You have to go on. We’ll watch from the face cams.” M.J. said.

“What’s the location, Jake...?”

.....

“Who’s the jerk that interrupts us while we were practicing?”

“Right here.” She said. *She had blue hair and she looked like a tech genius but, she had a diamond shape birthmark on her neck. She even had a weird British accent.*

“That’s Double R.....” Flash Fire said even before Jake told them.

“You got that correct. Since, you are not the zappy one. I’ll just get rid of you first.”

“Red spark, how can I do the thing you do?” *Red spark showed Flash Fire how to zap with gestures.*

“Aim at the face and shoot.”

“Quit the talks you two.”

“Max, could you stall until I figure out how to do that.”

“So..... Why are you even here?” Quantum asked.

“I’m just here to rob something..... Electron’s orders.”

Then, Flash Fire zapped Double R but, she missed and that lightning bolt went right towards Red Spark. But,

she used telekinesis for the first time and used a car door as a shield.

“Hey.... That pretty sick for a first time.” Neurocore said who haven’t spoken in while.

“Wait.... A second you are the zappy one.” Double R said. She was confused.

“It’s just for the day.” Red spark said.

“So... if I can’t take down the neither of you. I’ll take down one of the dudes.”

“Hey... we’re not dudes.”

“Okay. Then, what are ya’?”

“You two got this right? We got to talk to someone.” The girls shouted.

“When the girls are not with you, you two are nothing.” Double R said.

“Hey..... That’s rude.” Max said.

“I’ll just be on my way.” Then, she disappeared.

.....

At the hideout.....

“She just disappeared.....” Luke said.

“She disappeared because, she is alone and she needs help. I bet she went to get help from Electron and Electron himself would come to capture you.... Luckily I have a plan.”

“Also.... I have another good news too.... I figured out a way to get your powers.”

“Since you got your powers by radiation getting mixed with your DNA, you still have your powers inside you and your new powers are just covering those up. But, it can't expose because, there's another layer of radiation on your body. Which means..... Your new powers but, if we got that radiation out of you and.....”

“Then, we can get our normal powers back.” Hava said before Jake finished.

“And I invented a power suck vacuum cleaner.”

“I don’t know that this works..... If this works you will be back to normal. If this doesn’t work you’ll lose your powers forever.” Jake said dramatically.

“Well.... What do you say?” Hava said.

“We have to try..... we’re not used to these powers.” Alex said.

“Jake you are getting good at things... I know you can switch our powers.” Max said.

“I say, even if we lose our powers we’ll still be super heroes.”

.....

Chapter 11

Power swap, plan swap and the big save

“All set. I only have to push this button.” Jake said. *Then, he pushed the button. They were in a box. Jake pushed the button on the vacuum. Then, some radiation on their body got sucked into the vacuum.*

“That’s it. How do you feel?” Jake asked from all of us.

“I don’t feel different. But, I think I’m back to normal.” Max said.

“There only one way to find out..... To the power proof room!” Luke said.

“Max you go first.”

“Could you do the honors” He asked from Hava.

“With pleasure good sir.” *I got to say.... Max and Hava goes to Drama class together. They are great at saying dramatic and funny stuff. And the other two are messing with a best actor award winner and a best actress award winner. Then, Hava zapped Max and his force field activated.*

“So.... We don’t need to try our powers. I know we have them too.” Luke said.

“And Jake’s invention worked.” Alex said.

“Wait.... I think we forgot someone.” Hava said.

“Is it Double R.....? And her voice is very familiar to me.....”

.....

At the Main room.....

“M.J. What should we do with Double R?”

“It’s time to make all final.... We have to finish the villain base.”

“Do we have a plan?” Hava asked.

“Good question.... Luckily, Jake always has a plan and we have to save the others”

“Who are the others?” Hava asked.

“Actually, it’s a long story. Do you know the original Defender League?”

“Yeah.... We are the Defender League..... The original.” Hava said.

“No.... the fans named you that because they thought you were the others before you.”

“So..... We are not the original defender league?”

“You are now. But, after the incident we never found them. They were turned evil. They only crime fought for one day. The weapons gave you power were there weapons too. We never found them because, we didn’t

know anything about their location or real personality.”

“Then, after a few years I retired and found you guys.”

“That’s why we need to destroy the villain base and save them.” Jake said.

“How old are they?”

“There just about my age. I’m the only one left..... I miss my buddy.....”

“Actually, how old are you? You never mentioned that.” Alex said.

“Oh.... I’m seventeen..... “

“What an obvious name.” M.J. said. *Then, Jake started talking about the plan. Fifteen minutes later..... (What voice do you imagine when you read ‘fifteen minutes later’..... ‘I imagine the voice of the weird French man in a submarine in the story about a yellow and square sea sponge’ anyway..... Back to the story.*

“Remember the plan.... We need your best for this.” M.J. said.

“Here.... I have a present for you.” *Then, gave a rope. That we know exactly what to use.*

“Crime Alert.... What’s the location?Jake?”

“Ah.... It’s a store named Sam’s Vase Shop A.K.A. Secret Villain Society.”

.....

Near the Secret Villain Society.....

“Is this the place are we there?” Flash Fire asked.

“I guess this is the place.” Double R said. *She wasn’t the person that Alex was expecting reply. But, Alex was expecting Double R for something.*

“I think you can’t catch me..... Double R.” *Flash Fire said; caught Luke by one hand (And Luke especially trained for these types of emergencies. So... he did not want to barf.) And started running towards a building. Double R followed them.*

“You guys think you two would be enough to defeat me?”

“Stop bragging ‘bout you, dude.” Max said. *Hava started zapping and Electron zapped too. Max used his force to prevent getting hit with lightning bolt. After a little while.....*

“Got them Boss.....” Double R said. *Cables with blue lasers was tied around Alex and Luke. Then, Electron zapped so hard that Hava and Max fell down.*

“Where did you find those blue colour glowing ropes?” Electron asked.

“They had four with them. I think they brought the ropes to tie themselves.” Double R said.

“Tie these two too. Tie the zappy with extra ropes. I need her later.”

“Don’t call me zappy.”

I got to tell you something Hava hates it when I or anyone calls her zappy. If you ever meet her one day do not call her zappy. Then, they entered a room with a lot of weapons on a wall and there were evil looking

people everywhere. Most of them looked so young like even below twenty.

“Let us go..... Why are we even here?” Max said.

“I needed you to make you my servants.”

“You have a lot of servants already. Why do you need us?”

“They are just normal people under my control. If I zap you with my powers and you’ll turn into villains. Unfortunately, it only lasts until 6p.m. and then, they don’t remember a thing. That’s why I need her. You will turn evil temporally, but I will be able to make others completely evil.” Electron pointed at Red spark. *But, she didn’t notice that. She wasn’t even listening. It’s like she was unconscious.*

“I know that I can’t turn everyone evil permanently. But, with her powers I could turn everyone evil forever. (Evil Laugh) and (thunder)” *I don’t know how thunder struck. I think Electron could control lightning too. Then, Double R went somewhere.*

“When does your servants leave?” Neurocore asked.

“There about to be normal in five minutes..... I think they are entering the pottery class.... Hey why am I explaining this to you?”

“Excuse me... boss May I leave? I’ll bring the people to make permanently evil. ” Double R asked.

“Yes.... There is about 10 minutes till 5.00p.m.”

At 5 o’ clock in the evening.....

“I think Red spark is ready..... Ready to make my evil army.” *Red spark broke free of her laser rope that was tied around her. I don’t know how she did that but.... I guess she is pretty strong.*

“Yes... master.....”

“Red spark, you have to snap out of it.” Flash Fire said.

“You friend isn’t here. Now no one can stop her.” Electron said.

“Maybe.... We can.” Double R said. *I say.... That was the best dramatic entrance I’ve ever seen.*

“You? You are joking right? You are my right hand in bad.” Electron said.

“How ‘bout now?” Double R said and pushed a button on her watch. *Then, she wasn’t Double R! She was Alex in her super hero costume. Jake was right by her side. The other evil looking teenagers were behind them, but, not looking evil. They looked so nice than before.*

“How is she there, when she’s already here?” Electron was confused.

“Oh... yeah... I forgot to change.” Then, Alex, Max and Luke got up and broke free from the ropes; Alex pushed a button on her watch and boom! She wasn’t Alex anymore that was Chloe wearing a Disguise to hide her true self.”

“Who are you? That doesn’t even matter because, I have evil Spark. She could turn you evil right now.” Electron said.

“Actually..... I could fry you right now.” Red spark said and zapped Electron right in the face.

“Is this a dream? Why do I feel pain?” Electron said.

“Bravo guys..... That was perfect. Well performance. ” Jake said.

“Was this all a scheme? I need a good explanation right now.”

“Okay.... We’ll give you an explanation. When Double R ran away. Jake knew that she would come with help. The only one powerful enough to capture the Defender League would be Electron.” Flash Fire said. *While, she explained the plan, Red spark and Quantum tied Electron with Laser ropes.*

“Jake figured out that Double R uses disguising to steel and rob banks and to do that she uses a weapon. Since there is no possible way to get in to the secret villain club without anyone finding out was to be one of them by that weapon.” Quantum said.

“Then..... that girl over there too Flash Fire’s place and Flash Fire took Double R’s place. Then, we tied ourselves with liquorish ropes. Then, got in to the villain club.” Jake said.

“We were just waiting for the best time to swap the fake villain into the real one. While, Red spark and Quantum distracted you. The real Flash Fire and I punched Double R a couple of times until she fell down unconscious. Neurocore said

“Then, how come she didn’t turn evil?”

“Can’t you remember that you zapped me with dark lightning bolts and I didn’t turn evil? There was only a scar on my neck. I just pretended AKA stalled until Flash Fire saves the others.” Red Spark said.

“Let’s take these two to the hideout.” Jake said.

“First of all..... Could we take one of those weapons on the walls?” Hava asked.

“You all can have weapons for each of you. You guys deserve it. You can have one too, Chloe.” Jake said.

“I’m too little to have a weapon. I’ll pass.” Chloe said.

Hava choose a glowing sword; (that looks likes the swords in star wars movie.) Alex choose a bow with sharp arrows; Max choose a giant hammer than looks like Thor’s hammer; (or it could be Thor’s hammer) Luke choose spiky wheels and creepy looking darts set which also, had a boomerang.

“Is that all? Okay.... Then, let’s go.”

.....

At the hideout.

“How did you turn all of those people back to normal?”

“I found out that the radiation was only on the outside of their body and I used the power sucker vacuum on them.”

“Could they be villains only on the outside?” Max said while pointing at Double R and Electron. *Then, Jake used the sucker vacuum on them. In few seconds they were back to normal. They removed the masks on them.*

“Huh..... Sis?” Alex said. “Huh..... Bro?” Max said. “Huh..... Bro?” Chloe said. “Huh..... guys?” Jake said.

Then, they hugged each other.

Luke asked, “What is going on?”

Hava responded, “I have no idea.”

“Alex.... Max who are they?” Hava said.

“I like to know as well.” Luke said.

“This is my sister....” Alex said.

“This is my brother.....” Max said.

“That’s my brother too.” Chloe said.

“These guys are my friends” Jake said.

“Jake? I thought we would never see you.... Why are we in my little brother’s academy? Did we started to sleep walk again?”

“Sleep walk?” Alex said.

“Yeah.... We always go to the pottery class at 6.00. P.m. then, somehow we forget the whole thing. Then, when we wake up we are at strange places.”

Then, Jake started explaining....

“Guys.... These two are a part of the original defender league. But, now you’re the original defender league.”

“So you are saying..... That my big bro was in defender league?”

“Now you are saying that my little bro is in defender league? And Quantum was you?” Jacks said. (*Max’s brother’s name is Jacks by the way.*)

“We are so proud of you sis.” Christina said.

“It’s so good to have a sibling. Too bad that we don’t”
Luke said. *Jake continued the explaining and
twenty minutes later.....*

“So.... We were evil this whole time?” Jacks said.

“Yes. Jake fixed you.” Alex said.

“Wait a second..... Is M.J. here? We never got a
chance to speak to him.” Christina said.

“Actually, where is M.J.?” Hava said.

“We have to celebrate with him.” Alex said.

“Ah..... Look at the time, I think your parents are
searching for you.”

“Yeah..... We should go, tell M.J. that we said hi.”
Jacks said.

.....

Chapter 12

Huge problem and big mystery

At Max's home.....

“Bro..... are you here? We got to get to the academy.”
Max said after brushing his hair.

“Max... honey.... He and your sister left One of your friends said it was an emergency and then, they ran away.” Max's mom said.

“Thanks mom.... Love you....” Max said and ran away.

Max tried to text Alex, Luke and Hava but, nobody replied. He called Jake but, he didn't pick up.

“Why is no body picking up? Are they in trouble?” Max said to himself.

And when he entered the hideout.....

The hideout was in dark no body was there. Then, suddenly.....

“Surprise.....” Every one jumped out and shouted.

“Happy Birthday, Max.....” Jacks said.

“So..... This wasn't an emergency?” Max asked.

“We wanted to make your thirteenth birthday special.” Christina said messing up Max's hair. After a while.....

“Jacks, I have to ask you something.... Is your name really Jacks?” Alex asked.

“Oh..... No, my real name is Jackson.... Didn't Max mention his name to you guys?” Jackson asked. Max started blushing.

“What is your real name, Max?” Luke asked.

“My real name is..... Maximus ... not Max.” Max said hesitating.

“Were you afraid that we would tease you? Your name isn’t bad..... Max.” Hava said.

“Wait.... Are we missing someone?” Chloe said.

“Is it M.J.? I haven’t seen him in a while.” Hava said.

.....

The End?

(Or is it?)

A word from the mysterious writer.....

I know that you all are wondering..... Who am I? (Well..... I know that you know me but, I'm writing a story of someone writing a story of super heroes. From now on consider me as the second someone written above)

Actually, I can't reveal that because of my best friend's orders. I know that there's an unsolved cliffhanger at the end but, who knows what happens next? I think their lives got even crazier! I guess you have to wait.... Be patient... or this could be the last time we meet.

The End?

Or is it? Again.....

Congratulatory Message

It is a great honor for me, as the Governor of the Central Province, to send a congratulatory message for the launch of the books created through the Hemamala Tribute Book Creation Project initiated by Mahamaya Girls' College, Kandy.

Education is the fundamental foundation for the progress of society, and it is further strengthened through books and literary creations. It is clearly commendable that students' talents, creativity, and intellectual abilities are emerging through projects such as this.

I believe that this book creation project will provide valuable knowledge and a precious literary contribution not only to the students but to the entire society. Furthermore, I hope that through such efforts, future writers who will bring pride to Sri Lanka will emerge. I extend my heartfelt appreciation and blessings to the Principal, the academic staff, the students, and everyone involved who dedicated themselves to this successful endeavor. I wish this project and the book launch ceremony great success.

Congratulatory Message

I highly appreciate the noble and outstanding effort of the Principal and the academic staff of Mahamaya Girls' College, Kandy, the student daughters, the students of other participating schools, and everyone who dedicated themselves to plan and implement this book publication project. The project was organized under the leadership of Mahamaya Girls' College, Kandy, with the participation of other schools in the Kandy Zone, with the aim of encouraging children toward book creation within the current school system, as a tribute to Hemamala Kumariya who brought the Sacred Tooth Relic to Sri Lanka. For several decades, Sri Lanka has been committed to providing free, compulsory, quality, and equitable education to all children, thereby producing a future generation of intelligent and skilled citizens. In such a context, this book creation program for school children helps develop creative ability, critical thinking, and other positive qualities for a balanced and well-rounded personality, and contributes to building a future knowledge-based society.

May all activities of the Hemamala Tribute Book Creation Project be successful through the blessings of the Sacred Tooth Relic.

Afterword

With the approval of the Ministry of Education, this research-based project has empowered thousands of student authors for over ten years. Educationists recognize it as a program that significantly enhances the quality of school education. In alignment with modern educational reforms, encouraging students to author a research work is a milestone in this journey. In this digital age of "Smart" technology, the modern school must demonstrate through research that books and technology should be used together. This is because the unique joy a child receives from a book cannot be replaced by anything else. To prevent children from drifting away from books—which remain our primary educational tool and storehouse of human knowledge—Mahamaya Girls' College has spearheaded the "Hemamala Upahara" project for many years. Its primary objectives are to foster academic discipline, promote values, and pay tribute to Princess Hemamala, who fulfilled a historic mission to empower women.

We express our gratitude to the Principal, teachers, parents, alumni of Mahamaya Girls' College, representatives of other schools, the Diyawadana Nilame, and the staff of the Sri Dalada Maligawa (Temple of the Sacred Tooth Relic) for their support.
